

Counties Manukau Offroad Racing Club Counties Classic Series 2012 Round 2

368 Craig Patching has held on to his Round 1 lead with an almost flawless performance on the new track layout at Colin Dale Motorsport Park. Craig has added 400 points to his Round 1 480 to lead C87 Wayne Rowe 840 who narrowly leads C18 Geoff Matich on 820. This should make the third round an absolute cracker as these three return to Colin Dale Motorsport Park on November 11.

The Counties Classic Series lived up to its reputation as the North Island's best shortcourse event and the new track layout proved as challenging as planned, producing some of the best racing we have seen this year particularly in Class 3 when 9 cars faced the starter. The Feature race produced a great race which 368 Craig Patching took out after trailing Eric Teers in the RZR for most of the race.

Counties Manukau Offroad Racing Club again thanks Transport, Diesel and Marine for their support of this event and our club.

The following chart maps the running of the feature and provides a picture of where any car succeeded and failed in this race.

Feature 1 CCS2 2012
